Dear Mr Tansek,

thank you for invitation. I will keep this in mind and we will see later if possible.

I would like to add that I the official invitation should come from the Cinematheque as our associate.

I would also urge to invite a representative of IMAGO, with whom we signed a joint declaration that should be presented at the Conference.

I am also afraid that if DRA is part of the program I will have to excuse myself, as I am not inclined to expose myself to insults and slander uselessly. The project has been rejected thoroughly, including by IMAGO and presenting it would only create an unpleasant atmosphere.

It would also create problems in the participation of other ACE members.

Best regards

Nicola Mazzanti
